

PENNSYLVANIA  
AMERICAN WATER

WE KEEP LIFE FLOWING®

Since launching the grant program in 2009, Pennsylvania American Water has contributed more than \$760,000 to help hundreds of local fire departments purchase emergency gear, life-saving equipment, training materials and essential firefighting apparatus.

# FIREFIGHTING SUPPORT GRANTS

Pennsylvania American Water is proud to partner with the men and women who volunteer for and support our local fire departments. Thank you for your hard work, dedication and invaluable service to provide fire protection to our communities. **To show our appreciation, Pennsylvania American Water offers a Firefighting Support Grant Program to benefit local fire departments.**

## FIREFIGHTING SUPPORT GRANTS

Pennsylvania American Water Firefighting Support Grants provide financial assistance to fire and emergency organizations serving communities in the company's designated service areas. Grants are awarded to cover the costs associated with purchasing personal protective gear, communications equipment, firefighting tools, water handling equipment, training and related activities/materials used to support community fire protection. Reimbursement for specific fire training classes, including the cost of training manuals and student workbooks, is eligible.

Individuals are not eligible to receive grants. Only uniformed professional and volunteer fire departments serving Pennsylvania American Water's service territory are eligible to receive funding. **In 2023, the company will award 140 grants for \$500 each.**
