

An underground utility line is damaged every three minutes nationwide.

Know what's below. CALL 8-1-1 before you dig.

Every digging project, no matter how large or small, warrants a call. Installing a mailbox, building a deck, planting a tree and laying a patio are examples of digging projects that should prompt an 8-1-1 call from homeowners or contractors.

- Dig with C.A.R.E.**
- C** Call Miss Utility at 811 before you dig
 - A** Allow time for marking
 - R** Respect the marks
 - E** Excavate carefully

The call is **FREE**—a great price for safety.
And, calling is the law.
